Brexit Planning
4 February 2019
# Trust Board Report

**Meeting Date:** 4\(^{th}\) February 2019  
**Title:** BREXIT Planning  

### Executive Summary:
A scenario in which the UK leaves the EU without agreement (a no-deal) is possible, despite the ongoing negotiations and the need to secure a negotiated outcome. However despite this, it is our duty to prepare for all eventualities, including ‘no deal’, until we can be certain of the outcome of those negotiations. The Trust has started a process to ensure it is prepared for, and can manage, the risks in such a scenario occurring.

### Action Requested:
This is to provide assurance to the Trust Board that the Trust is preparing its response in the event of a No-deal Brexit from the EU, which would take effect on 29 March 2019.

### For the attention of the Board:
- SRO’s for Brexit Planning have been agreed.  
- A task and finish group to undertake risk assessments across 7 key areas is established – see overleaf.  
- Procurement assessment was completed in December 18.

### Assure
- Brexit planning, following current national guidance in on plan.

### Advise
- 

### Alert
- There is no certainty as to what might happen and therefore all plans will require flexibility

### Author + Contact Details:
Tel 01902 694310  Email diane.preston@nhs.net

### Links to Trust Strategic Objectives:
1. Create a culture of compassion, safety and quality  
2. To have an effective and well integrated local health and care system that operates efficiently  
3. Attract, retain and develop our staff, and improve employee engagement  
4. Maintain financial health – Appropriate investment to patient services

### Resource Implications:
- Revenue: unknown  
- Capital: - none  
- Workforce: unknown  
- Funding Source: none

### CQC Domains
- **Safe:** patients, staff and the public are protected from abuse and avoidable harm.  
- **Effective:** care, treatment and support achieves good outcomes, helping people maintain quality of life and is based on the best available evidence.  
- **Caring:** staff involve and treat everyone with compassion, kindness, dignity and respect.  
- **Responsive:** services are organised so that they meet people’s needs.  
- **Well-led:** the leadership, management and governance of the organisation make sure it's providing high-quality care that's based around individual needs, that it encourages learning and innovation, and that it promotes an open and fair culture.

### Equality and Diversity Impact
Potential impact in EU employed staff.

### Risks: BAF/ TRR
To be completed post the Task and Finish group on the 25\(^{th}\) January.

### Risk: Appetite
- Public

### Other formal bodies involved:
- CCG, LA and Local Health Resilience Forum

### References
- Department of Health & Social Care – EU Exit Operational Readiness Guidance
In determining this matter, the Board should have regard to the Core principles contained in the Constitution of:

- Equality of treatment and access to services
- High standards of excellence and professionalism
- Service user preferences
- Cross community working
- Best Value
- Accountability through local influence and scrutiny

| | - Supply of medicines and vaccines
| | - Supply of medical devices and clinical consumables
| | - Supply of non-clinical consumables, goods and services
| | - Workforce
| | - Reciprocal healthcare
| | - Research and clinical trials
| | - Data sharing, processing and access
<p>| | The Trust has set up a ‘Task &amp; Finish’ Group to look at these areas of activity. |
| | To date, Procurement has completed a high level self-assessment in December, highlighting our high impact clinical suppliers, and suppliers which are not covered by Department of Health. This is ongoing work being undertaken in terms of understanding our inventory stocks for different services as part of our contingency approach moving forward. Current advice (Jan 22nd) is that the NHS should not stockpile additional medicines beyond their business as usual stock levels. |</p>

<td>The Trust is required to undertake an assessment of risks by end of January 2019, and to carry out any tests on business continuity and incident management against EU Exit risk assessment scenarios by the end of February. It is expected that NHS England and Improvement EU Exit teams will require confirmation on the Trust’s progress on its readiness plans, in advance of March Exit. Contact to be made shortly by Regional Midlands EU Exit lead.</td>
