Social distancing is important in care homes wherever possible

A Teaching Trust of the University of Birmingham
Safe & Effective | Kind & Caring | Exceeding Expectation

2 metres space when possible

- Your PPE protects staff allowing them to care for a resident.
- When taking your break you can remove your PPE to eat and drink.
- Without PPE you need to maintain social distancing.
- Less than 2 metres and you risk the spread of Covid-19.
- Staff room should have a limited number of seats.
- Seats should be spaced out.
- Staff should not move the seats and reduce the distancing.
