Research, Education and Audit				
Audit (A)	Register (A)	Research (A)	Development (A)	Training (A)
C	D	A	A	C

New Cross Hospital

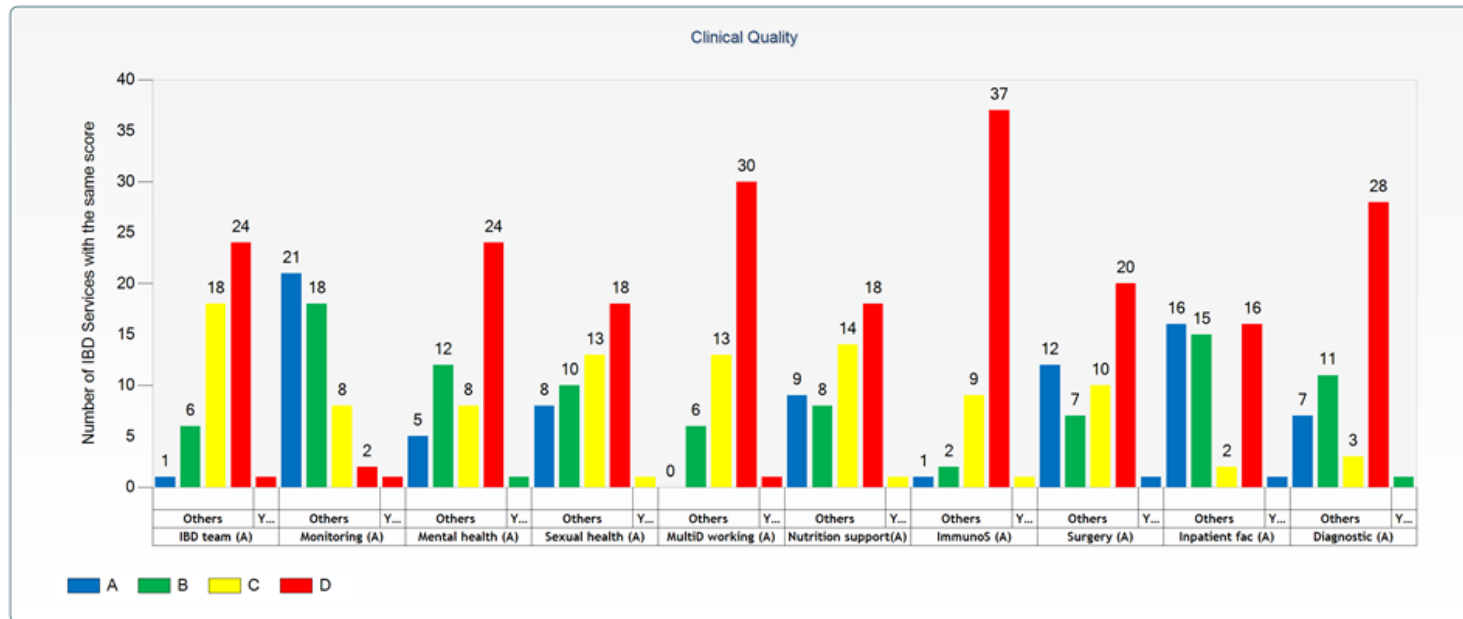

Census Date: 01/Mar/2013

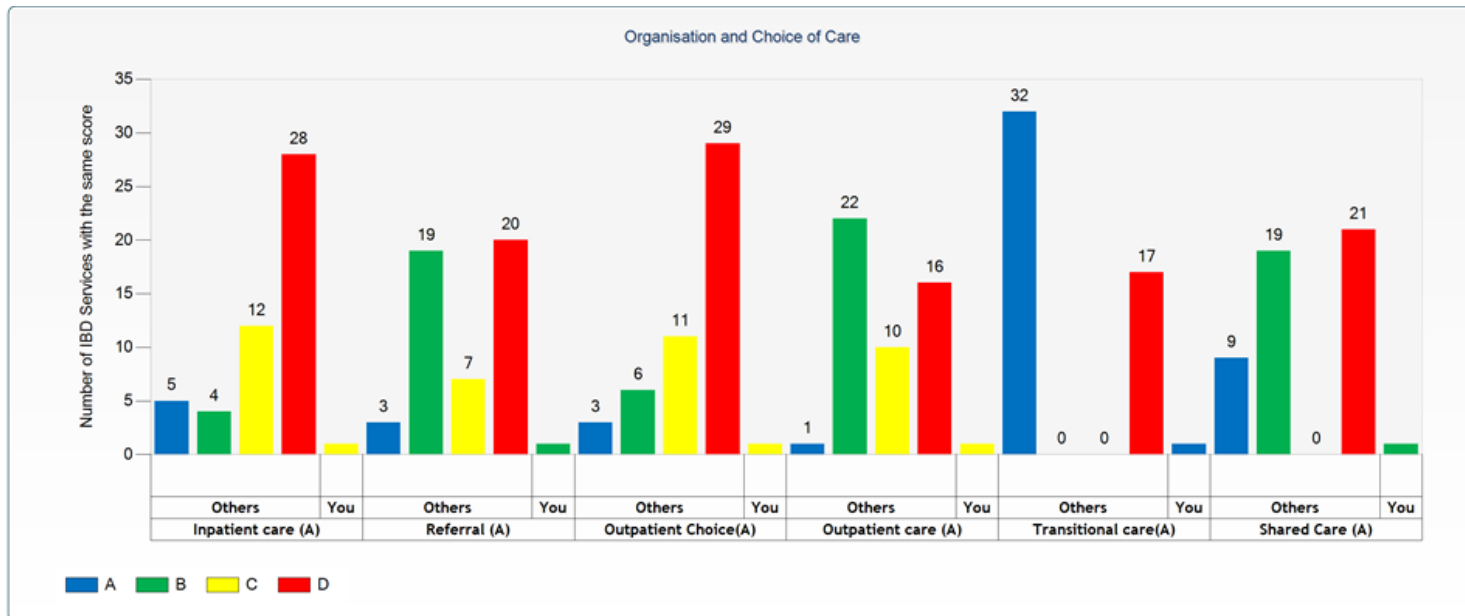

# Patient Experience RWHT versus other Trusts

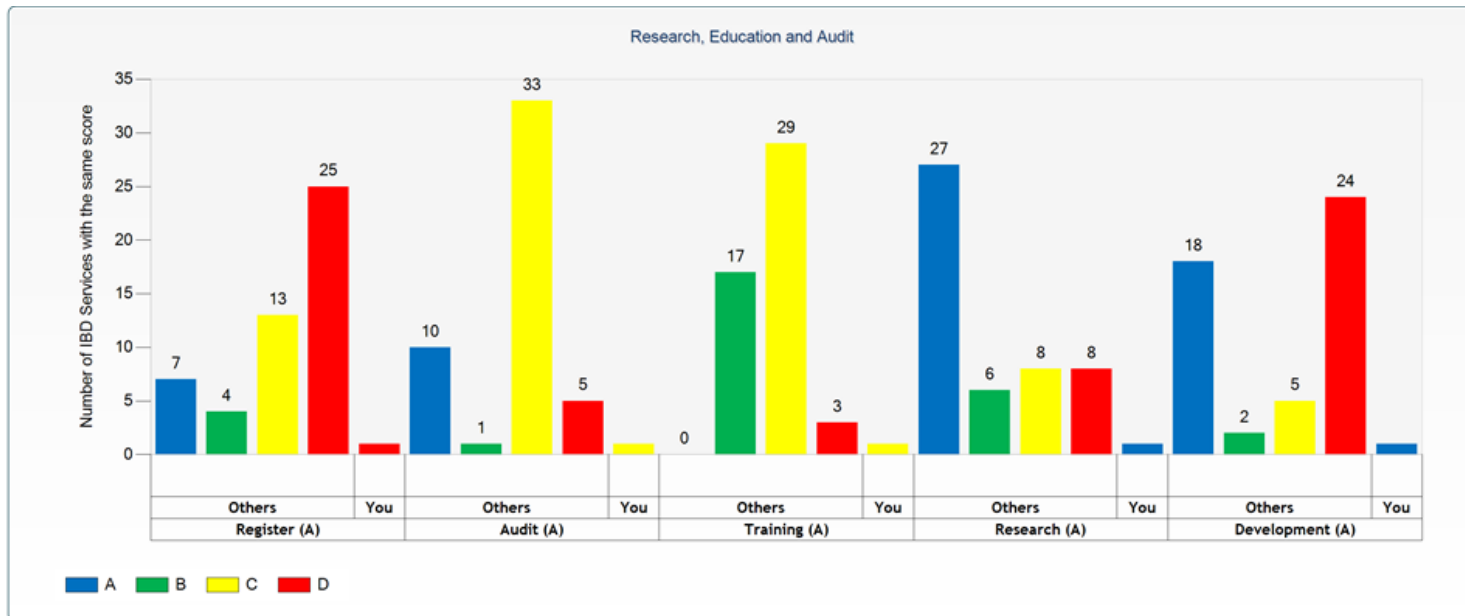

# Clinical Quality RWHT versus other Trusts

# Organisation and Choice of Care RWHT versus other Trusts

# Research Education and Audit RWHT versus other Trusts

# Action plan

Actions	Staff responsible	Progress at your site
All domains will have action plans with their own data set to allow for progression to higher scoring	IBD Nurse, IBD Clinical Lead, IBD Team	In progress
RWHT aims to achieve level A ratings where applicable	IBD Team	In progress
Any area that is deemed to have an immediate benefit or improvement in rating will be completed or commenced if possible e.g. Addition of IBD Support email to support service will improve Rapid access score from D to B	IBD Nurse	Completed
Participation in Round 4 to compare results	IBD Nurse, IBD Clinical Lead	In progress

# Action plan

Actions	Staff responsible	Progress at your site
Involvement of patients in service development and patient panels	IBD Nurse, IBD Clinical Lead, IBD Team	In progress
Audit/Data collection to be created to allow for accurate data for all patients admitted with IBD in RWHT	IBD Nurse	To be developed

# Summary of results/actions

- This is the first round that RHWT have participated and therefore the data will give us a baseline review of how we compare to other sites
- The IBD Standards and the use of the QIPP audit data will allow RWHT to prioritise areas of care for IBD patients
- Results will be compared to the round 4 data due to be submitted end of March 2014
