By supporting The Royal Wolverhampton NHS Trust Charity, you can help the Trust to continually improve patients' experiences and outcomes.

Your support provides additional resources to patients, their families and the staff who treat them, above and beyond what is provided by the NHS.

How are charity funds used?

Purchases can range from smaller items up to larger more expensive items of equipment. Examples of this include:

- Additional patient comforts – better quality comfy furniture, additional furniture such as parental beds on the children's ward and special support cushions used during radiation therapy.
- More advanced, specialist pieces of equipment not generally provided by the NHS.
- Items that improve the environment and ambiance that contribute towards a positive patient experience.
- Children's books and toys.
- TVs, DVDs and other patient entertainment media.

Can I choose where my donation goes?

The charity manages over 70 charitable trust funds across our three hospitals - New Cross Hospital, Cannock Chase Hospital, West Park Hospital and more than 20 community sites. You can be confident that your donation will be allocated to the fund that you request.

The charity's general purpose fund is available for the benefit of all patient groups and staff across the Trust.

In partnership with the Trust, the charitable funds committee will decide where your donation is best spent.
